When you ship with Country Transport, you eliminate cross-docking of your freight at the Mexican or US borders, diminishing any chance of damage, contamination or theft.

How it works:

You load the trailer at your dock, you seal it, and we deliver it in the same trailer directly to your customer in Mexico or Canada.

It's that simple!

Cuando usted utiliza el servicio de Country Transport, elimina el transbordo de su valiosa carga en la frontera de México o E.U., disminuyendo así la posibilidad de daño, contaminación o robo.

Como Funciona:

Usted realiza la carga en su propia bodega, la sella y nosotros entregamos la misma caja directamente a su cliente en México o Canadá.
