Shipping to Mexico is easier than you think!

Find out the answers to these four easy questions and call us at 1-800-340-5994 to obtain more information about your shipment.

Where in Mexico does your shipment need to go?

City _____

State _____

Postal Code (if available) _____

Who is the Mexican Freight forwarder?

Most Mexican consignees have a Mexican freight forwarder set up at the land crossing entering Mexico (ex. Laredo, TX.) The consignee is responsible for a 15% import duty that must be paid before the product enters Mexico.

Freight Forwarder _____

Phone Number _____

Will the product clear or go in bond in the US?

The shipper usually has a US customs agent at the land border going into the US. Most shipments go in bond so the shipper does not need to pay US duties. Country Transport has a US Customs agent capable to put loads in bond for a nominal fee.

US Customs Broker _____

Product clears or goes in bond _____

Where is the shipper located and the amount of freight?

City _____

Province/State _____

Amount of freight (ft, # of skids etc) _____
